Welcome to Kaplan SelfTest!

Kaplan SelfTest is more than just an IT certification test preparation provider. Our products provide career opportunities to technology students and IT professionals who prove their technical proficiency through guaranteed certification success. Trust our sensible and straight-forward products to help you start or further your career and become the IT professional you strive to be.

The Kaplan name is synonymous with quality educational products. Kaplan IT Learning provides certification preparation, assessment, learning services and software to help individuals and organizations train on technology and prepare for technology certifications. Kaplan IT Learning and Kaplan SelfTest are dedicated to providing customers test preparation and learning materials throughout one's career. Whether to update one's skills or knowledge in a certain area, Kaplan SelfTest is prepared to assist you - not just now but throughout your life.
